## **DETAILED ACTION**

### ***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: The prior art fails to disclose a tailgate controlled light system having, inter alia, a light unit attached beneath a bedrail of a pickup box and an override switch electrically connected to a control switch wherein said override switch allows a user to terminate power to said light unit regardless of a position of said tailgate and said override switch is attached to a sidewall of said pickup box (claim 1). The remaining claims 2, 7 and 8 are allowed by virtue of their dependencies on the independent claim. Hence, the examiner has allowed claims 1, 2, 7 and 8.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
